

**[School Name
Address
City, State, Zip]**

Re: [Student Name (DOB: 1/1/11)]

To Whom It May Concern,

I am writing to request that **[Student]** be allowed access to **[his/her]** digital device in school (e.g., iPad, iPod Touch) for the purpose of utilizing a mobile app designed to assist individuals with social skills difficulties. The app is called Sōsh, and is designed to blend seamlessly into a classroom setting. Any restrictions regarding use of the device such as which times of day the student is allowed access or safe storage of a device that is not in use is determined by the school. Allowing students access to this application will put your school on the leading edge regarding incorporation of empirically supported technology for students with special needs. The developer of this application, a Pediatric Psychologist, can be contacted via email at info@mysosh.com and would be happy to explain its use at your request or answer any questions you may have. You can also visit www.mysosh.com to learn more and view demonstration videos.

Sincerely,

[Parent or Clinician/Therapist Signature]
